SUMMARY

Full-Stack Developer with 5+ years of experience delivering modern web and mobile applications using Next.js, React.js, Flutter, Node.js, and Firebase. Strong in front-end architecture, backend APIs, and scalable deployment. Experienced in SEO-optimized web apps, performance tuning, and remote collaboration across teams.

TECHNICAL SKILLS

Front-End: Next.js, React.js, TypeScript, JavaScript (ES6+), Flutter, Dart, Tailwind CSS, Material UI, Redux, Context API, GetX, Provider

Back-End & APIs: Node.js, Express.js, RESTful APIs, Firebase Functions, JWT Auth

Databases: Firebase Firestore, MongoDB, MySQL

Tools & DevOps: Git, GitHub, CI/CD, Docker, VS Code, Postman, Trello, Slack, Jira

Testing & Quality: Jest, React Testing Library, ESLint, Prettier

WORK EXPERIENCE

Front-End / Full-Stack Developer — Ewarnet (Jan 2024 – Present)

Built SEO-optimized modules using Next.js and server-side rendering for faster load times. Integrated Node.js APIs, optimized React states with Redux and Context API, and collaborated with international teams via Slack and Jira.

Web Developer — CloudQuik (Feb 2022 – Jan 2024, Remote)

Delivered responsive and high-performance UIs using Next.js, React.js, and Tailwind CSS. Integrated Firebase Auth, Cloud Firestore, and custom REST APIs. Migrated legacy systems to modular Next.js architecture, improving build time by 30%.

Website Developer — Tecrux Global (Mar 2020 – Feb 2022, Remote)

Developed and maintained REST APIs using Node.js and Express.js. Built dynamic admin dashboards and optimized backend query performance.

Mobile Application Developer — OTS (Feb 2018 – Mar 2020, On-site)

Developed Flutter applications for Android and iOS integrated with REST APIs. Implemented modern UI design principles and managed production releases.

SELECTED PROJECTS

Marham.pk — <https://www.marham.pk>

Developed full-stack web platform using Next.js, React.js, and Node.js. Built responsive front-end modules, optimized SEO performance, and integrated Firebase for real-time updates.

GoMaidz.ai — <https://www.gomaids.ai>

Created service marketplace using Next.js (front-end) and Node.js (backend) with Firebase. Integrated Google Maps, payment gateways, and live booking notifications.

Publish.jobs — <https://publish.jobs>

Engineered job publishing platform using Next.js, React.js, and Node.js. Designed admin dashboards,

implemented job automation workflows, and enhanced SEO visibility for organic reach.

EDUCATION

MSc Computer Science — Abbottabad University of Science and Technology

HIGHLIGHTS

- Delivered 10+ production-ready web & mobile apps
- Skilled in remote collaboration across Pakistan, UAE, and Canada
- Strong problem-solving mindset with clean architecture approach
- Passionate about building scalable, user-focused applications
